ReMPro

- Seminar-Series -

Dr. Kerstin Hiesinger

Institute of Pharmaceutical Chemistry, Goethe University, Frankfurt am Main, Germany

“From Design to Degradation: Accelerating PROTAC Hit Discovery with Direct-to-Biology Approaches”

When: Friday **November 20th 2026** at 9:15 pm (9:15 Uhr)
Where: Kiel, **Ludewig-Meyn-Str. 4** (LMS4 - R.325)

(For **doctoral researchers** of the RTG-ReMPro: Meet the Speaker;
November 19th 2026 15:00-16:00 Uhr, **Rudolf-Höber-Straße 1** (Kitchen R.112, 2nd floor)

The ReMPro Seminar Series is open for everyone interested. We are especially welcoming doctoral and postdoctoral researchers and students from the research fields Biochemistry, Medicine and Molecular Medicine.

Organized by: DFG-funded Research Training Group Regulation of Protein Complexes at Membrane Interfaces in Pathophysiology.
In case of questions, please contact the program coordinator Christine Ehlers (cehlers@biochem.uni-kiel.de).
